Notable increase in services delivered

Annual service statistics (2017-2020)

Rahnuma FPAP Performance - Prominent increase in clients served

Clients served (2017-2020)

Re-strategizing service delivery under COVID-19:

- ▶ **Package of Integrated SRH and FP Services** delivered in close coordination with the government
- ▶ **Door to door home visits** for short acting FP methods, counselling, SGBV counselling, referral or specialized consultation and other SRH consultation
 - ▶ Community home visits by service providers for provision of FP and MA services
 - ▶ Provision of SRH and FP counselling and consultation through mobile and WhatsApp groups with providers and young peer educators
 - ▶ Clients oriented on self-injection of DMPA-SC or 'Sayana Press', and self-testing for pregnancy and blood sugar
- ▶ **Community outreach** adapted COVID-19 preventive measures and Government SOPs

Re-strategizing service delivery programmes under COVID-19:

- ▶ **FPAP field staff remain connected with the local people** on Whatsapp, displaying posters and leaflets in local languages at prominent public places
- ▶ **Developed and disseminated COVID-19 SBCC material:** posters, leaflets, pamphlets and standees in local languages for distribution and display in and around Clinics
- ▶ **Distribution of dignity kits** to women and girls due to increased demand during the lock down
- ▶ **Toll free Help Lines** managed by clinical psychologists for counseling services and information

Emerging challenges in the wake of COVID-19

Discontinuation of FP Programs (WISH & GCACI)

- ▶ Discontinuation will lead to:
 - ▶ **842,263** unintended pregnancies
 - ▶ **1,438** maternal deaths
 - ▶ **92,377** unsafe abortions
- ▶ Approximately **1.7 million clients under the age of 20** and **3.6 million clients <25 years** will be denied access to quality healthcare services during coming years (2022-2023)
- ▶ Some of FPAP's service delivery points at risk of closure
